

# FISHER AUDIO ACCESSORIES

To help you get the most from your Fisher components

# Expand your musical enjoyment with these fine Fisher Audio Accessories

## **A** The Fisher TX-420 Stereo 4-Channel Converter

Converts existing stereo systems to *4-channel* by adding two additional channels. Features: a built-in 4- and 2-channel, 8-track cartridge player and a matrix decoder that extracts hidden ambience from conventional stereo materials and specially encoded matrixed recordings. Walnut vinyl cabinet included. Retail Price, **\$299.95**

## **B** The Fisher CP-100 4-Channel, 8-Track Tape Cartridge Player

A perfect 4-channel program source for the Fisher 601, 701, or 801 receivers. Converts your present stereo playback system to a *true* 4-channel system with the addition of a stereo amplifier and two speakers. CP-100 automatically switches to the correct mode (4- or 2-channel) indicated by red jewel lights. Plays *all* 2- and 4-channel tapes. Walnut vinyl cabinet included. Retail Price, **\$169.95**
