

SONY
Compact
Stereo
Systems

Sony's expertise in solid-state technology has been used to the utmost in these systems. (For Sony makes its own transistors to its own requirements, rather than fitting its requirements to the available transistors.)

And whatever the modes of music listening you prefer—records, cassettes, FM stereo, FM-AM radio, or 8-track tape cartridges—you'll find a Sony system that provides exactly those facilities, in exactly the combination you desire.

For price information please contact
your local Sony dealer.

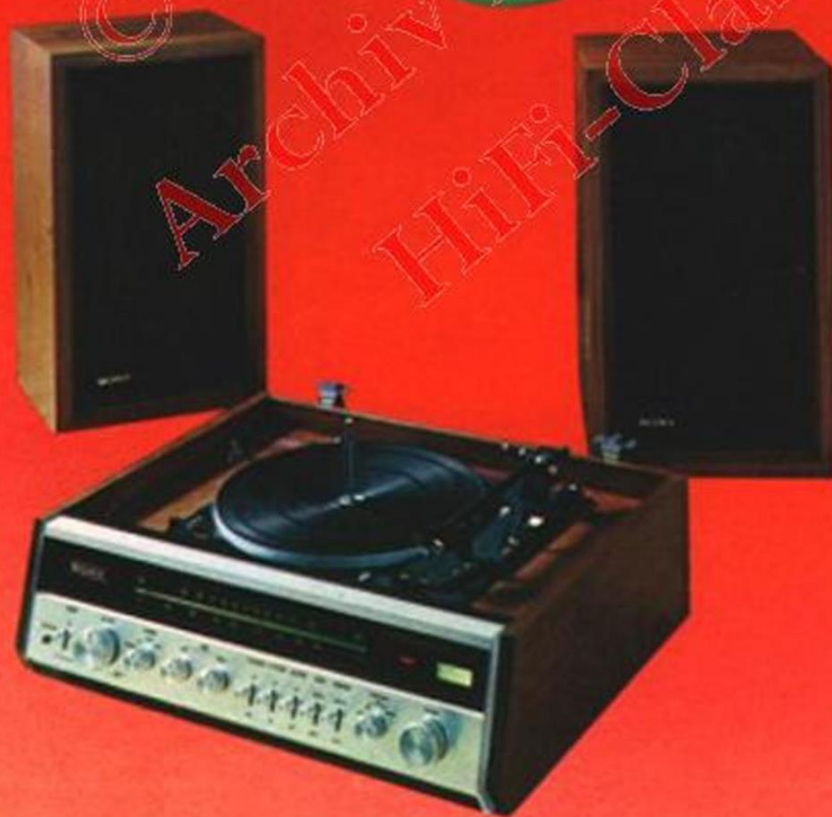

HP-510—Superb performance from records, FM stereo, FM and AM broadcasts. You can add a tape or cassette deck any time. FET front end and solid-state IF filters. Dual professional auto/manual turntable and a Pickering cartridge. Two way speaker system. Oiled walnut finish with detachable dust cover.

*Power Output: (EIA) 52W total/8 ohms.
Speaker System: 2-way (8" woofer, 2" tweeter)*

Accessories: Both models come with dust cover, 45 rpm manual adaptor, manual and automatic spindles, FM ribbon antenna, and accommodate optional stereo headphone DR-5A.

STEREO

SONY

HP-610—The deluxe, compact stereo Music Center of Component Quality. Pick your favorite: FM stereo, FM or AM programs, or records. FET and solid-state IF circuits. Dual professional auto/manual turntable and a Pickering cartridge. Three-way wide range speakers. Oiled walnut cabinets with detachable dust cover.

*Power Output: (EIA) 66W total/8 ohms.
Speaker System: 3-way (8" woofer, 4" mid-range, 2" tweeter)*

HP-210—Whatever you want to hear—FM stereo, FM, AM or records—this handsome compact walnut stereo system with detachable dust cover and matching speakers is for you. All silicon amplifier with tape play and record jacks. BSR auto/manual turntable.

*Power Output (EIA): 36W total/8 ohms
Speaker System (SS-210): 2-way (6½" woofer, 2" tweeter)*

HP-465A—The record lover's compact stereo system. Add an FM stereo, FM, AM tuner, tape recorder, headphone or remote speakers later. Garrard turntable for precise record handling. Powerful OTL amplifier and matched acoustic-suspension speakers.

Walnut finish enclosures.

Power Output: (EIA) 50W total/8 ohms.

Speaker System: 2-way (8" woofer, 2½" tweeter).

Accessories: All of the above models come with dust cover, 45 rpm manual adaptor, manual and automatic spindles, and accommodate optional stereo headphones DR-5A. Model HP-210 comes with FM ribbon antenna.

STEREO

SONY

Power Output: (EIA) 36W total/8 ohms

*Speaker System: (SS-210) 2-way
(6½" woofer, 2" tweeter)*

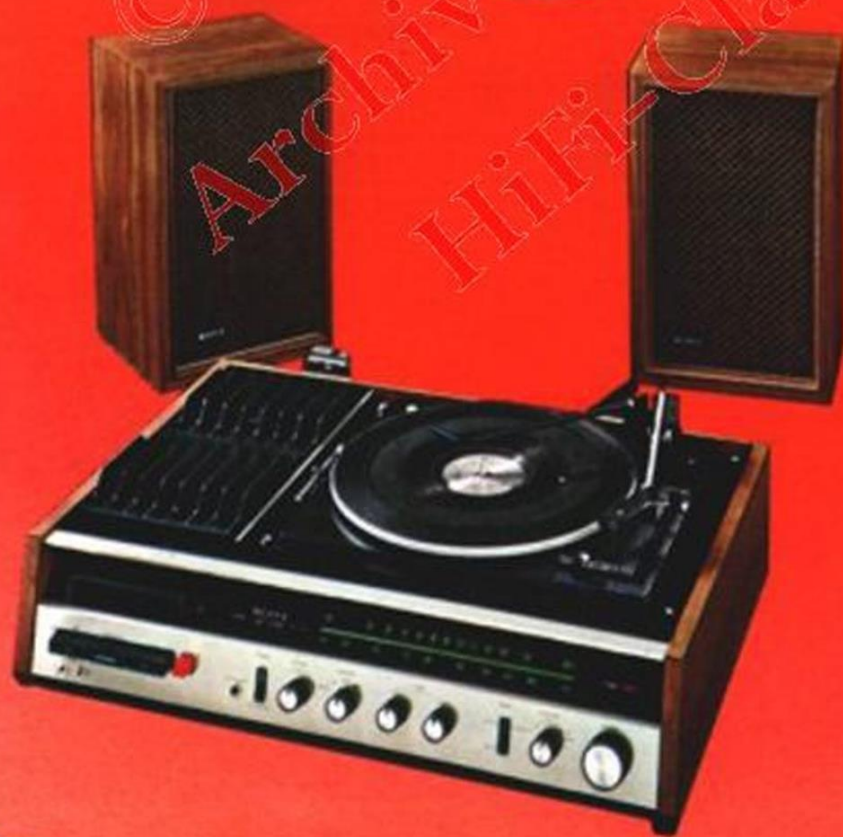

HP-218—Sleekly styled compact stereo for records, FM stereo/FM-AM broadcasts, plus a built-in 8-track stereo tape cartridge player. Illuminated dial, FET tuner with solid-state IF filters, BSR turntable and a OTL amplifier. Walnut finish cabinets. Removable dust cover. Cartridge storage trays supplied.

*Power Output: (EIA) 36W total/8 ohms.
Speaker System: (SS-210) 2-way (6½" woofer, 2" tweeter)*

Accessories: Both models come with dust cover, 45 rpm manual adaptor, manual and automatic spindles, FM ribbon antenna, and accommodate optional stereo headphone DR-5A. Stereo microphone F-99B is optional with model HP-219.

STEREO

SONY

HP-219—Versatile compact stereo system for superior FM stereo, FM and AM, record playing, plus it records with its built-in automatic cassette recorder. Precise 4-speed BSR turntable. Matched 2-way speaker system. Oiled walnut cabinets with removable dust cover. Removable cassette storage trays included.

*Power Output: (EIA) 36W total/8 ohms.
Speaker System: (SS-210) 2-way (6½" woofer, 2" tweeter)*

HP-149—A complete record player; FM stereo/FM-AM tuner and a stereo cassette recorder all in one compact package with matching bookshelf type speakers and a removable dust cover. Automatic recording level on cassette recorder. BSR micro-minichanger.

*Power Output (EIA): 10W total/8 ohms
Speaker System: 2-way (6½" woofer, 2" tweeter)*

HP-140—Sony's most compact stereo: phono/FM stereo/FM-AM broadcasts. Complete with a BSR micro-minichanger with a flip-over diamond stylus. Deluxe tuner with slide-rule dial and vernier tuning. Jack connectors for a tape deck or recorder. Wide range speakers and removable dust cover included.

*Power Output (EIA): 10W total/8 ohms
Speaker System: 2-way (6½" woofer, 2" tweeter)*

HP-148—Musical value way beyond its size: phonograph, FM stereo/FM-AM broadcasts plus an 8-track stereo cartridge player. Sensitive tuner with illuminated slide-rule dial. BSR micro-minichanger. Bookshelf type speakers and removable dust cover included.

*Power Output (EIA): 10W total/8 ohms
Speaker System: 2-way (6½" woofer, 2" tweeter)*

Accessories: All of the above models come with dust cover, manual and automatic spindles, FM ribbon antenna, and accommodate optional stereo headphone DR-5A. Models HP-148 and HP-149 come with 45 rpm automatic adaptor, and HP-149 accommodates optional stereo microphone F-99B.

HST-230—A component type FM stereo, FM-AM receiver in a rich walnut grain hardwood cabinet. Add a pair of speakers to this professional unit and you are ready to receive stereo broadcasts.
Power Output: (EIA) 40W total/8 ohms.

HST-110—An economical FM stereo, FM-AM receiver with professional type control panel and accurate transilluminated tuning dial. Add a pair of speakers and rich stereo sound is yours.
Power Output: Maximum Music Power 10W total.

HST-118—This compact FM stereo, FM-AM receiver and built-in 8 track stereo tape cartridge player is ready to use with the addition of speakers or headphone.
Power Output: Maximum Music Power 10W total.

Accessories: All of the above models accommodate optional stereo headphone DR-5A.

SQA-200—This quadraphonic decoder/amplifier hooks up easily to any compact stereo music system (system must have tape monitor/source switch) and two additional speakers to give you thrilling 4-channel sound when using an SQ source. Also this unit will add a rich ambience to your present stereo library.

Power Output (Rear Speakers Only): (EIA) 30W total

ST-80F—A highly sensitive and compact FM stereo/FM-AM Tuner. Features an FET front end and a solid-state IF filter. In a compact walnut cabinet with a large circular tuning dial.
